你同意或不同意以下陳述？國小學生不應該在學校使用手機。寫下你的理由和舉例來完成你的作文。

(時間 40 分鐘，請用藍、黑色筆寫，約 150 字)

In the 21 century, many children get cell phones as the birthday gifts. We can also see students walking on the street and using their smart phones. Although the cell phone is common now, I still agree that elementary school students should not use cell phones at school.

Cell phone can be a helper when we need some helps, but it can hurt our eyes, too. A recent research said that the light from the monitor will cause an eyes disease, and it's really terrible!

For children, cell phones are attractive. They download games and... want to play them. If you are a student, can you pay attention to the teacher with a cell phone on your desk? I think the answer is "No". It's a hard work to move your sight away from it because it looks more interesting than the text books.

The most important of all, people often forget to talk to each other when they are using cell phones. It will become a big problem if everyone doesn't want to talk and smile anymore.

For these reasons, I agree with the following statement. Elementary students should not use cell phone at school.
