Cellphone is very convenient. People can do a lot of things with it, like surf on the Net, play games and chat with friends. But I think, elementary school students should not use their cellphones at school, that's a bad thing to them.

With cellphones, they will play games on the class, and they will not focus on the teacher anymore, they will get the worse grades. With cellphones, they will put it in the pocket all day, that's unhealthy for an adult, even a student! With cellphones, they will chat with friends every moments, it will hurts their eyes, and they may be don't talk with others friends. Especially, use cellphones may let them to meet bad friends, it's a really bad things for an elementary school student.

They are the reasons that I think elementary school should not have cellphone. How about you!
